Composite Frame

Finish with Ease

Entry doors are supplied with an import primed warm white steel door, requiring no additional paint to achieve a 5 year limited warranty. Doors can easily be painted to match the style of your home - consider factory pre-finishing for your door and frame.

Durability

24 gauge door skins interlock with the stile, providing additional support to reduce delamination and stretching. Steel door skins will not crack or warp, unlike wood.

Strength

A 12" wood lock block provides additional strength and structure to support most residential hardware.

Energy Efficiency

Filled with an insulating core of 100% CFC free polyurethane foam, providing a superior energy rating over a standard styrene core product.

Cost

Steel entry doors are more affordable compared to wood or fiberglass.
