

JOHNSON POCKET DOOR HARDWARE

1500 SERIES

Johnson Hardware's® Pocket Door Hardware is designed to offer maximum space saving characteristics for a multitude of applications. Pocket Doors are particularly well suited for dining rooms, master bathrooms, wardrobes, kitchens or anywhere floor space is at a premium. The use of a pocket door will free up previously unusable wall and floor space with a clean and modern appearance.

JOHNSON 1500 SERIES

POCKET DOOR HARDWARE

Johnson's 1500 Series is easily assembled, structurally strong and is designed for fast installation in standard 2 x 4 stud walls typically sheeted with drywall. This versatile frame can be adapted for use in thicker walls or cut down to accept any smaller size door. Optional kit available for 1-3/4" doors.

Door Size: 36" x 80" x 1-3/8" | **Max Door Weight:** 200 lb | **Wall Thickness:** 4-9/16"

FEATURES

Removable Track. Track has keyhole slots for easy removal without tearing out walls. Box design prevents rollers from jumping track. Convex rails provide one-point wheel contact for smoothness and dirt traps for free rolling.

Tricycle Hangers. Tri-design insures all wheels carry weight equally. Smooth rolling, balanced wheels ride with minimum friction on convex track rails. A "flip-of-a-clip" separates hangers from doors for easy door removal. The 1500 uses a 1" diameter wheel.

Self Adjusting Floor Anchors. Long vertical fingers slide into split studs. This allows for settling of floor without disturbing horizontal alignment of and header and track. Plates can be nailed or cemented to floor.

Steel Wrapped Upright Studs. Split jamb and stud uprights have full steel sides and backs to provide maximum rigidity for wall material and restricts nails from penetration into pocket. Slots allow room for easy nailing of trim stops.

For 1-1/8" to 1-3/4" Doors	Rough Opening (w x h)
2/0 x 6/8	49" x 84-1/2"
2/4 x 6/8	57" x 84-1/2"
2/6 x 6/8	61" x 84-1/2"
2/8 x 6/8	65" x 84-1/2"
3/0 x 6/8	73" x 84-1/2"

ADDITIONAL ACCESSORIES

Converging Door Kit

Specifically designed to join 2 pocket door frames together for converging door applications.

1-3/4" Door Adaptor Kit

Use this adaptor kit to allow the 1500 Series Frame accept 1-3/4" thick doors.

1060 Soft Close Kit

Makes your sliding doors close softly, quietly and securely. For use on doors up to 200lbs.
