

2023 DOORGLASS
CATALOGUE

ODL has acquired **VERRE SELECT**, a decorative doorglass manufacturer in Quebec, Canada. Verre Select has been a leader in delivering decorative doorglass solutions to the Canadian market for nearly 40 years, making them an ideal partner for ODL as we expand on our mission of Building Value into Building Products®.

This partnership continues to solidify our position as the leader of doorglass solutions in North America. The addition of Verre Select to ODL and our family of brands helps position us for exciting new business growth opportunities, while also enhancing our product offering and serviceability to our valued customers.

We are thrilled to be including 11 unique Verre Select doorglass designs throughout our catalogue which are noted accordingly.

WHY ODL

INNOVATION, DESIGN, AND PERFORMANCE

DOORGLASS FRAMES

For nearly 80 years, ODL has been manufacturing top-rated doorglass framing systems, and we offer the widest array of doorglass frame styles, colours and materials in the industry to meet specific needs.

INNOVATION

ODL continues to reframe innovation and design with ZEEL®, a sleek, versatile frame that eliminates the need for screws and screw hole covers with an innovative clip system. Resolve® Sealant eliminates messy wet glaze and won't degrade over time.

DESIGN

Whether you choose to highlight a specific architectural style with our Spotlights® line or want the sleek, minimal look of ZEEL, ODL has the right frame to complement your design choice, whether it be classic craftsman or contemporary, or somewhere in between.

PERFORMANCE

Rigorous third-party testing assures that product performance meets design intent. ODL frames are tested to meet and exceed the North American Fenestration Standard (NAFS) for doors, including structural integrity, resistance to water penetration, air leakage and forced entry.

Feature / Benefit	Standard Oak	Standard White	EVOLVE® Oak	EVOLVE® White	ZEEL®	Craftsman Mahogany/Oak	Craftsman White	EVOLVE® SDL Oak/White	Spotlights® White

Meet **KATIE SPONSELLER**, our Corporate Decorative Glass Designer. With over 15 years in the building products industry, She leads the charge in glass innovation at ODL while focusing on design trends in the housing and decorative glass market. Katie is motivated by design that has purpose and function that pleases the eye. She finds inspiration all around her and isn't too busy to stop and snap a pic of an interesting pattern, even if it's her bowl of ramen. When inspiration hits, you'll find Katie sketching with her music loud and her drink hot. She loves experimenting with new materials and processes that lead to exciting design innovations. Katie is pushing the envelope of what we can do with doorglass design.

DESIGN & INNOVATION

LEADING THE WAY IN RESIDENTIAL DOORGLASS AND PRIVACY SOLUTIONS.

From the creation of the first doorlight on record in the early **1950s**, we've been committed to building value through innovations in materials and manufacturing processes.

- 1960s** Embraced a new technology as we shifted from producing wooden frames to injection-molded frames
- 1970s** Produced the first doorlight with insulated glass
- 1980s** Added decorative doorglass to our offering
- 1990s** Started producing enclosed blinds
- 2000s** Launched a new frame with foam in place gasket technology, including our three-part TriSYS frame
- 2010s** Introduced our Evolve® frame with Resolve® Sealant and launched ZEEL®, our best performing frame
- 2020s** Expanded our ZEEL offering and stylized glass designs

We also build value into our products through research and design. ODL knows trends and technologies that produce products for the times—and sometimes designs that push the times. We aren't afraid to be the leader. When you buy from ODL you are buying from more than just a manufacturer. We've done the research and spot the trends so you can trust that you are not only receiving a well-built quality product, but one that will meet your needs.

ODL continues to keep its sights on what is ahead. We recently made significant investments in our test and validation lab so we can continue to bring you the quality high-value products you expect from ODL.

DOORGLASS PRIVACY

As ODL continues to add a variety of doorglass designs with different types of glass, our customers are asking questions about how we determine our privacy levels. With no industry standard, every manufacturer is free to determine what the opacity or privacy level is for their doorglass. We are pleased to announce that we are leading the way with a standard test using a spectrophotometer to produce an objective number for every glass, every time.

We've removed the confusion of arbitrary numbers, simplified our privacy levels to four categories, and show visual examples for each level of privacy. See for yourself, watch the video.

When **CY MULDER** opened a small woodworking shop nearly 80 years ago, he did so with the intention of creating products that truly make your life better. This belief remains our guiding principle under today's 3rd generation of ODL family ownership. We build value into more than just our products. We are committed to excellent service, defect-free products, and on-time delivery so that you can confidently trust ODL. We couldn't do that without our amazing employees and partners.

PEOPLE & CRAFTSMANSHIP

A screenshot of a PDL catalog page. The page features a video player titled "Dorian | Designer Inspiration" with a play button icon. The video content shows a woman in an orange top sitting at a desk in a modern office setting. The text "Designer Inspiration" and "DORIAN" are overlaid on the video. The page includes a navigation bar at the top with icons for search, zoom, and other functions, and a sidebar on the right with various product categories. The page number "60 - 61 / 154" is visible in the top navigation bar.
